

CASE STUDY

Large-Scale Accommodation Unit Logistics, Australia

CONSTRUCTION & INFRASTRUCTURE

facts & figures

CLIENT

An Australian project developer

LOCATION

Phu My, Vietnam to Karratha, Australia

PROJECT PERIOD

2024 – 2025

SCOPE OF WORK

The scope involved services related to the transport, handling, and storage of cargo, and other logistics services in connection with the project, including the movement of 372 modular buildings, via six full charter vessels from Phu My, Vietnam to the project site in Karratha, Australia.

TGP was able to obtain permission from the governmental authority Main Roads Western Australia to allow oversize night movements, allowing quicker discharge of the vessels.
