

CASE STUDY

Wharf Construction Project, Antarctica

CONSTRUCTION & INFRASTRUCTURE

tglobal.com

facts & figures

CLIENT

BAM, a global construction and civil engineering firm; and the British Antarctic Survey (BAS)

LOCATION

US, UK and EU origins to King Edward Point, South Georgia and Rothera, Antarctica

PROJECT PERIOD

2018 – 2026

TOTAL CARGO WEIGHT / VOLUME

65,458 cbm

SCOPE OF WORK

TGP delivered logistics across multiple phases of the Rothera Wharf Modernisation and King Edward Point Wharf projects. This included transporting project cargo from the US, UK and Europe to South Georgia and Antarctica using ice class vessels.

Strict compliance to stringent biosecurity requirements by TGP's highly qualified team and providing comprehensive end-to-end logistics solutions to one of the most challenging construction sites in the world.
